

Denne vejledning beskriver, hvordan du opsætter multifaktorgodkendelse (MFA) ved hjælp af SMS-verifikation.

Trin	Beskrivelse	Navigation
Åbn opsætnings siden	Åbn følgende link i din browser: https://aka.ms/mfasetup Klik på Next	 Screenshot of the Microsoft account security page. It shows the Microsoft logo, the email address ait-1365test@dtu.dk, and the heading "Let's keep your account secure". Below this, it says "We'll help you set up another way to verify it's you." There are two links: "Use a different account" and "Learn more about verifying your identity". A blue "Next" button is at the bottom right.
Vælg en anden loginmetode	Klik på Set up a different way to sign in	 Screenshot of the Microsoft Authenticator app installation page. It shows the email address ait-1365test@dtu.dk and the heading "Install Microsoft Authenticator". There is a large blue shield icon with a person silhouette. Below this, it says "Install the app on your mobile device, then come back here to continue." There are two buttons: "GET IT ON Google Play" and "Download on the App Store". Below these, there are two links: "Set up a different authentication app" and "Set up a different way to sign in". A blue "Next" button is at the bottom right.
Vælg telefon som metode	Vælg Phone som loginmetode	 Screenshot of the "Add a sign-in method" page. It shows the email address ait-1365test@dtu.dk and the heading "Add a sign-in method". There are three options: "Microsoft Authenticator" (with a shield icon), "Hardware token" (with a token icon), and "Phone" (with a phone icon). The "Phone" option is selected. Below the options, it says "Learn more about each method to help you choose." There is a blue "Next" button at the bottom right.
Indtast telefonnummer	Indtast dit telefonnummer. Marker feltet Text a code Klik på Next	 Screenshot of the "Add your phone number" page. It shows a blue phone icon and the heading "Add your phone number". Below this, it says "Verify it's you with a text code to your phone." There is a "Country code" dropdown menu set to "Denmark (+45)". Below this is a "Phone number" input field with the placeholder "Enter phone number". There is a "Choose how to verify" section with two radio buttons: "Text a code" (selected) and "Call a code". Below this, it says "Message and data rates may apply. Pressing Next means that you agree to the Terms of service and Privacy and cookies statement." There is a blue "Next" button at the bottom right.
Modtag og indtast SMS-kode	Indtast den kode som du får tilsendt på sms Klik på Next	 Screenshot of the "Verify your phone number" page. It shows the email address ait-1365test@dtu.dk and the heading "Verify your phone number". Below this, it says "Enter the code we sent to +45 [redacted]". There is an "Enter code" input field. Below this, there are two links: "Didn't receive the code?" and "Set up a different way to sign in". A grey "Next" button is at the bottom right.

Fuldfør opsætningen	Dit telefonnummer er nu tilknyttet, og du vil fremover modtage en kode via SMS, når du logger ind.	<p>ait-t365test@dtu.dk</p> <p>✔ Phone number added</p>  <p>You can now receive a code each time you sign in.</p> <p>Done</p>
